III. Enforcement - context and implementation

III.I Remedial actions and immediate interim measures (ref. EUTR Article 10(5))

The enforcement of the EUTR requires Member States to put in place national measures which provide a robust framework to be able to take effective, dissuasive and proportionate enforcement action and sanction different duty-holders (operators, traders and monitoring organisations) for infringements of the Regulation. The information on the legal frameworks used, the range of potential national penalties and their uppermost levels provide valuable information to assess the consistency of potential enforcement actions across the EU. This section is structured by duty-holders' obligations under the EUTR (prohibition to place illegal timber on the market for operators; due diligence and reporting obligations for operators and monitoring organisations; traceability for traders, and reporting obligation for monitoring organisations) and the provisions for remedial actions or similar and immediate interim measures, which are applicable in case of or to prevent infringements to each obligation.

1 Please specify for which breaches of the EUTR Notices of remedial actions or similar measures, and Immediate Interim Measures (ref. EUTR Article 10(5)) can be applied in your country:

	Notice of remedial action in cases of breaches of:	Other national measures which are similar to Notices of remedial action in cases of breaches of:	Immediate interim measures [1] in cases of breaches of:
* Prohibition (operators)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

[1] These are measures that can be issued or applied with immediate effect to prevent trade in contravention of the EUTR and may be of temporary nature, until penalties in line with Article 19 are applied.

Comments

33 Comments:

For Question 2 the answer is 'yes'. The same measures/legislation can apply to both domestic and imported timber when it is needed, however, usually (so far always) another set of rules and measures is used for domestic timber.
